

## 2 Year Completion Plan for the ENVIRONMENTAL SCIENCE – NATURAL TRACK Major – beginning Fall 2017

The following table outlines a two-year pathway for completing a major in **ENVIRONMENTAL SCIENCE – NATURAL TRACK**, following the successful completion of EESC 110, 111, and 120 plus introductory Biology and Chemistry.

<b>ENVIRONMENTAL SCIENCE-NATURAL TRACK Scheduling Plan</b>		
Year	Course	Credits in the major
Freshman/Sophomore	EESC 110 – Intro. Env. Science	3
	EESC 120 – Env. Science II	4
	EESC 111 – Our Dynamic Earth	4
	BIOL 121 and 132 (or BIOL 125 and 126)	-
	Take Chemistry placement test:	
	CHEM 111 (need $\geq$ C- to take CHEM 112)	-
	CHEM 112 ( $\geq$ C to take 3 <sup>rd</sup> semester of most CHEM choices)	-
Fall 3 <sup>rd</sup> Year	BIOL 210 – Intro Ecology ( $\geq$ C- in BIOL 126 or 132 and CHEM 111)	-
	GIS class (if available)	4
Spring 3 <sup>rd</sup> Year	EESC 315 – Hydrogeology (EESC 111)	4
	GIS class (if available)	(4)
	Major Elective(s)	3-8
Fall 4 <sup>th</sup> Year	EESC 460 – Senior Seminar (SI)	2
	#Upper-level ecology - BIOL 311 or 322 ( $\geq$ C- in BIOL 210)	4
	Upper-level chemistry (if avail.): CHEM 211, or 253, or 254, or 331 and 332, or EESC 325	4
Spring 4 <sup>th</sup> Year	#Upper-level ecology – EESC 323 (EESC 110 and BIOL 210)	(4)
	Upper-level chemistry (if avail.): CHEM 211, or 253, or 254, or 331 and 332, or EESC 325	(4)
	Major Elective(s)	3-8
<b>TOTAL</b>		<b>41 min.</b>
Courses are ONLY offered in the fall or spring semesters as listed. Pre-requisite courses are given in parentheses.		
#One semester of lab-based, upper-level ecology is required.		
The ESNT major requires 12 elective credits; see Academic Catalog for choices.
