Course Title: Managing and Leading the Information Technology Workforce, Enterprise Information Systems, Strategic Management of Information Systems and Innovation, Special Topics

Type of change (check all applicable):
Course Number*  Title  Credits  Description  Prerequisites  X  Deletion

*This course number must be approved by the Office of the Registrar before the proposal is submitted.

Effective Date: FALL Semester, Year  Fall 2013

Current Catalog Entry

Proposed Catalog Entry

Add the following prerequisite to all courses listed above:
Prerequisite: MMIS 500 or equivalent

JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required)

Students who are admitted into the program with an information systems academic or professional background should have the knowledge equivalent to MMIS 500, which should qualify them to have this prerequisite course waived. Students who are admitted into the program with no professional or academic experience in information systems will take MMIS 500 to acquire that knowledge. MMIS 500 will provide students with the appropriate management information systems knowledge needed for the other courses in the MSMIS program.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)

Current students should not be impacted. MMIS 500 is a required core course in the current MSMIS degree program.
