305 – American Building (3) Prerequisite: HISP 205. Special emphasis is given to building materials, technologies, and the development of structural systems.

JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required). **Any change that impacts another Department must have a written statement (such as a copy of an email) from the Chair(s) agreeing to the change.**

With the renaming of HISP 101/HISP 105, the current name of HISP 305 would be too confusing. The new name should prevent errors, and more clearly reflects the course content.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)

HISP305 will continue to complete the same requirement regardless of its title.
