JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required)
The College of Business is renaming all of the discipline-specific classes to clearly communicate which classes belong to which business disciplines. It should make it much easier for students to find and schedule classes of interest to them.

Note: BUAD 219 is currently co-listed with CPSC 219. CPSC 219 would not change, students will now be able to take DSCI 219 or CPSC 219.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)
We have discussed this with both the registrar and our advisor and there should be zero adverse impact. Since the same classes will be offered under a more precise name, students under the old catalog can simply substitute the new class for the old (for example, if a student needs BUAD 310, he or she will substitute MKTG 301).
