Current Catalog Entry                                            Proposed Catalog Entry

JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required)
The Department of Music seeks to streamline its major to allow greater flexibility in student course scheduling and to make possible completion of the degree by transfer students in four semesters. We are reconstructing our music theory sequence in order to accommodate these changes.

As such, we seek to eliminate this course from the Catalog.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)
We will offer students a one-time option to opt into the new major requirements. The new major program is flexible and, as such, will accommodate all current majors and allow them to finish the degree by their intended graduation date.
