UNIVERSITY OF MARY WASHINGTON – EXPEDITED COURSE CHANGE PROPOSAL
Submit this form electronically, beginning with the first required level of review (department or college level). Each level of review passes the form and any attachments to the next level when the action is approved.

Submitted by: Andrew Dolby  Date Prepared: 10/14/2015

Department/Discipline(s) and Course Number(s): BIOL 384

Course Title: Human Anatomy

Type of change (check all applicable):
Number* _____ Title_____ Credits_____ Description_____ Prerequisites_____ Deletion_____ Cross list**____

*This course number must be approved by the Office of the Registrar before the proposal is submitted.

**To cross list courses between departments/colleges, there should be two cover sheets submitted with the proposal – one by the chair of each department with signatures from the relevant College Curriculum Committee Chair.

Effective Date: FALL Semester, Year 2016

Current Catalog Entry  Proposed Catalog Entry

Prerequisites: BIOL 126 or 132 (C- or better in each course). The structure of the human body at the cell, tissue, organ, and system levels of organization. Laboratory. Students may not count both Biology 301 and Biology 384 toward the major.

Prerequisites: BIOL 126 or 132 (C- or better in each course). The structure of the human body at the cell, tissue, organ, and system levels of organization. Laboratory.

JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required). Any change that impacts another Department must have a written statement (such as a copy of an email) from the Chair(s) agreeing to the change.

The Department of Biological Sciences has submitted a proposal to allow students to count both 301 and 384 toward the biology major. If this proposal is approved, the course description for BIOL 384 must be changed to accurately reflect the new policy. “Students may not count both 301 and 384 toward the major” must be removed so that the course description for BIOL 384 in the Academic Catalog is consistent with academic policy governing the biology major.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)

No transition plan is necessary since these courses are electives in the major.

Approvals

Department Chair  Andrew Dolby  Date: 10/14/2015

College Curriculum Chair  Dawn Bowen  Date: 10/21/15

Expedited course changes are posted for a 10-class day comment period. If no comments are raised during that time, the proposal becomes final. All expedited proposals approved in this way will be noted on the UCC web site.

If comments are raised, the proposal may be reviewed by the UCC and then approved or it may be returned to the CCC for additional deliberation (as required).
