JUSTIFICATION (including impact on majors, minors, concentrations, and general education courses within the University curriculum; attach additional pages if required). Any change that impacts another Department must have a written statement (such as a copy of an email) from the Chair(s) agreeing to the change.

In an effort to offer advanced courses that are thematically based and that meld literature and culture, we propose to delete FREN 351 whose content is reflective of the old system which organized courses by time period and/or genre. For further information please see the rationale for the new courses which we are proposing as replacements for a course such as this one.

TRANSITION PLAN (describe how will students who are in Catalogs where the course is required for a major be accommodated; attach additional pages if required)

No change transition plan is necessary as new courses will replace the ones we are deleting and both satisfy the same major/minor elective credit for 300-level courses.
