Program Change Proposal Cover Sheet (July 2013)
Rationale:
Currently the following graduate courses are required for students enrolled in the M.Ed. Initial Licensure 5-year Pathway: Secondary:

INDT 501 Instructional Technology
EDCI 515 Literacy and Language Across the Curriculum
EDUC 521 Educational Research Methods
**EDUC 535 Advanced Pedagogy**
EDCI 580 Introduction to Research
EDUC 530 Masters Research
EDUC 540 Initial Licensure Internship
EDUC 541 Secondary and PreK-12 Graduate Internship Seminar

Currently EDUC 535 is taught as an 8 hour course in the fall of the graduate year of PreK-12 and secondary licensure students. Students do 3 hours of classroom instruction and 5 hours of field experience. A faculty is designated to teach the 3 hour portion which includes an impact study that is to be implemented in the 5 hour field experience portion. This format causes a great deal of confusion for the students as to the grading policy and requirements. We recommend that The Advanced Pedagogy course (EDUC 535) be separated into 2 different classes: EDUC 535 (3 hours) and EDUC 536 (5 hours)
The impact study will be introduced in the EDUC 535 course but will be implemented and graded in the field experience course.

Impact Statement
The number of course credits will not change. This course will be divided into 2 separate courses
