Comment

I really enjoyed this class in general. The material was really interesting and the professor is very in-tune with his students. I liked that he kind of sat aside and let the class have discussions on certain nights to kind of sort out chapter material ourselves after he had gone over it.

Dynamic instructor. He is extremely engaging and hosts wonderful discussions. Allows the students to interject with anything, comments, questions, articles found on the subject, at any point during his lecture. I also appreciated how he used the slides as a general guide for our conversation, but he did not specifically read them word for word.

Excellent teacher, and course was very informative.

Great class
